3-

Tues

Oct 25<sup>th</sup> 1881. Took our departure  
from New Bedford in the Whale Ship  
Horatio under the command of Cpt Morse  
sail for the South Pacific Ocean on a  
Sperm Whale Voyage, & Bear Voyage.

Wed

Dec 13<sup>th</sup> 1881. Lat 30° 10' S.  
Long 44° 25' W

Raised Sperm Whales at 9<sup>h</sup> 30<sup>m</sup> P.M. Raised  
by Manall Cory P<sup>t</sup> Stores we loared for them  
the 4<sup>th</sup> mate struck and got store. the  
mate struck and the Whale chewed him  
up. then the third mate struck another and  
lost him so we have got no Whale at all

Thurs

Dec 16<sup>th</sup> 81. Lat. 33° 25' S.  
Lon. 48° 30' W

Raised Sperm Whales loared down about  
5<sup>h</sup> 45<sup>m</sup> P.M. i went on and struck and  
saved him we came on board and took in  
sail for the Knight and then sei the Watch.

loared down  
12 35 13 45

Friday Dec 23<sup>rd</sup> 1881

we have fine weather and strong breeze from  
the Westward. we got one Porpoise this morn  
struck by the Second Mate Porpoise balls  
for our Christmas Dinner and Supper.

W. B.

January 16<sup>th</sup> 1882. Lat. 57° 00' South  
Lon. 71° 00' West.  
plenty of wind and very rugged. the  
Second Mate struck and saved one Porpoise  
I got wet throug and throug in the act.

January 24<sup>th</sup> 1882. Lat. 52° 00' South  
Long 76° 30' West.  
we have fine weather and all sail out. this  
evening the Capt struck and saved a  
Right Whale Porpoise. the first one of  
that kind for this Voyage to.

P. 2<sup>nd</sup>

Sund January 29<sup>th</sup> 1882 at Sea  
we arrived on the Ground called Huaso  
we raised the Island to day and three Whalers  
beside. we gammed them all one of them was  
the Hope On another the B<sup>st</sup> John Windthrop and  
the other the James Allen. the latter 2 stops here  
to cruise. the former takes her departure for the  
gashan see. all well on board all the ships -

Wed February 8<sup>th</sup> 1882. Lat.  
we have good weather and a. Long.  
good Breeze. To day we cited the B<sup>st</sup>  
John Windthrop she had a Whale.

Thursday February 16<sup>th</sup> 82 Lat.  
Lon.

This Morning we have fine weather  
and lite winds. 6<sup>h</sup> 30<sup>m</sup> A.M. breeze  
up a little at 7<sup>h</sup> 00<sup>m</sup> one Sperm Whale  
was raised from the main by Mrs  
Williams. we loared and the Mate  
got one. we were within 10 miles  
Of Huaso when we got the Whale  
to the Ship. we towed off shore about  
2 hours then began to cut. the Whale  
had one iron in his blubber that bore  
this name. Ship. Ref. 100. she is the  
one that went out of the service 20  
years ago she went into the Stone flat.  
The Whale stow down 20 blls making us  
all told 210 blls all well on board.

40 blls  
Manuel

Monday March 13<sup>th</sup> 1882.

Ship Horatio, and B<sup>st</sup> James Allen,  
in sight of Carrikena raised Sperm  
Whales. we were gamming. we loared  
down and the third Mate got fast  
and very badly stove. i went to the  
Whale and got fast. we took him to  
the Barge. and cut him up. we  
took his head on board of our Ship.  
this we tried out. our third Mate got  
robed over by the Sapt and born

B.S. Manuel Thure March 16<sup>th</sup> 1882

Raised Whales in sight of the land called Tombux Point we loared. but did not get any that day so ends this

Charlie. B.S. Friday March 17<sup>th</sup> 1882

Raised Whales in sight of the same land that we saw yesterday. we went down, but did not get any we came on board and so ends this day in full

60. B.S. J.F.H. Saturday March 18<sup>th</sup> 1882

60. B.S. Raised Whales. we loared down. the Third Mate went on and struck one and saved him brought him to the ship. and so ends this day in full.

Captain Morse shot the whale.

18 B.S.

Thursday April 13<sup>th</sup> 1882.

B.S. Manuel

This morning we hoisted all ready to sail. the crew came on board. we made all sail and got under way. we left with a nice fair wind and so ends this

50 B.S. Mr. Williams

Thursday April 20<sup>th</sup> 1882.

raised Whales. loared down and the third mate got fast. the whale capsized the boat, and left with both lines. we lost Whales and all. and so ends this day

Friday April 21<sup>st</sup> 1882.

J.F.H. Raised Whales loared and the mate got one and that is all this day. we cut him in and left his head out all night

50 B.S.

50. B.S.

Saturday April 22<sup>nd</sup> 1882.

raised Whales. loared down. the mate got one and the third mate got on. they are both along side to knight. fast to the flock chain. all well on board but one B.S. stores and myself we are ill

Sunday May 20<sup>th</sup> 1882.

raised sperm whales. we loared down but did not get any whale. the Third Mate went to a whale and struck one. the iron struck in two pieces. the whale capsized the boat and the mate picked him up. so goes this day and no whales saved.

Monday May 22<sup>nd</sup> 1882.

raised sperm whales we stood along and and then tacked we saw the whale once after we tacked we kept on after them and finally lost run of them all together. so you see we have got no whale.

Sat May 27<sup>th</sup> 1882.

In company with the James Allen. saw sperm whales we loared down from both ships. the Third Mate of the James Allen struck one and saved him. we took his head on board our ship the next.

Sat June 3<sup>rd</sup> 1882.

raised sperm whales. we loared down the second mate struck and saved one. we have fine weather and a good time off it.

Thur June 8<sup>th</sup> 1882.

raised sperm whales. we loared down. got all most on when the whale was galled by a boat striking from another. I sail some distance off.

22.  
Friday June 23<sup>rd</sup> 1882  
fine weather and all sail out.  
Sperm Whales were raised. by Mr  
Williams. we loared and got one  
large one. The next day cut him in

Thurs June 28<sup>th</sup> 1882.  
unpleasant weather we began  
to run down the head oil from  
the last Whale. we was almost  
through when they sang out for  
a lone Sperm Whale. The mate got  
his line in his Boat. The Knight  
overtook us. and we saw no more  
of him. He was a large Whale.

Saturday July 1<sup>st</sup> 1882.  
Fine weather overhead but rather rough  
under foot. This noon raised Sperm  
Whales. we loared down and chased  
but did not get any returned to ship.

Sunday July 2<sup>nd</sup> 1882.  
Fine weather. raised Sperm Whales  
on the Four. we loared down the 2<sup>nd</sup>  
Mate got one. Three of us was fast  
to him a long time and finally killed  
him and took him to the ship.

Sunday July 16<sup>th</sup> 1882.  
Fine weather. raised Sperm Whales.  
loared down the Second Mate got  
one. The 2 Tarsails called James Allen,  
and John Windthrop are in sight of  
us they both loared. and the Allen got  
one. the latter nothing. we are mated  
of course i hope their Whale is the  
larger of the two Whales.

October 11<sup>th</sup> 1882.

Fine weather. we loared for Sperm Whales. Mr Tucker got one we brought him to the Ship and cut him in and Fried Him out.

October 23<sup>th</sup> 1882.

Came to anchor at Panama. We began to break out the Oil. The Oil sent home was 920 Bbls. We have all told 1000 strong.

Novem 9<sup>th</sup> 1882.

Fine weather and so on. to day we took our departure for Massafuera cruising around. we leave 2 Whaling vessels in the harbor of Panamah.

No. 1.

Thurs November 16<sup>th</sup> 1882

Fine weather and all sail out. we are within about 35 miles of the land called Galgona Island. about 1<sup>30</sup><sup>m</sup> P.M. one man in the Forecastle Breathed His last. His Name was William. He was a Chilianian. this evening after Supper we held a meeting in the Waist and our Deceased Brother was launched in to the deep, deep, seas. E. W. Bowland

No. 11

Thurs November 30<sup>th</sup> 1882.

Fine weather all sail out. we saw Sperm Whales. loared for them. the Mate got one and that is all this time. we cut this said one in and tried him out. and proceeded on our journey again so ends this day we got 2<sup>th</sup> Mate one and 3<sup>th</sup> other and I loared just at night and struck another. lost him and all the line

Thursday December 14<sup>th</sup> 1882  
Saw Sperm Whales. Loared down  
The 2<sup>nd</sup> boat got one. Mr Tucker and  
Mr Norton both got fast and both  
Drew from them. and they got no more

Monday December 25<sup>th</sup> 1882

Wednesday January 3<sup>rd</sup> 1883.  
Arrived at Huape this afternoon  
we raised a sail. we found it  
to be a Whaler. to night we took  
in the life like sails. the land  
is about 100 mls off. at 4 o'clock

Thursday January 4<sup>th</sup> 1883  
fine weather. I too sails in sight  
one of them is the John P. West  
and the Lancer. we gammed the  
John P. W. until knight then quit

Friday January 5<sup>th</sup> 1883  
fine weather. to day we have seen  
three sails. the same lot as before  
and the B<sup>t</sup> James Allen we had  
a gam of three vessails James  
allen. John P. W. and our selfs

Sunday January 6<sup>th</sup> 1883.  
fine weather three vessails and the  
Island in sight from us the J. A.  
and the Lancer are gamming. This  
afternoon a large Sperm Whale was  
raised by the 2<sup>nd</sup> boat. about 2 miles  
off the lee beam we loared down and  
went for the Whale went to the windward  
and we pulled after him until almost  
run down then came on board the ship.

Friday January 19<sup>th</sup> 1883  
Cruising off Huacho, saw the  
James Allen, and John P. West  
they were both Whaling. we  
loaded 2 Boats but no one saw  
the Whale from the Ship Horatio

Wednesday January 24<sup>th</sup> 1883  
Fine weather wind to the South  
we took our departure from  
Huacho. we steered N.N.W. Saw  
Porpoise, finbacks.

Saturday January 27<sup>th</sup> 1883  
off the Papps. Fine weather and  
soon we have seen a few H. Backs  
one of them came close to the Ship.  
Mr. Tucker took his Gun and shot  
one. we dropped a boat down and  
brought him along side cut him the  
next morning. put the blubber down  
the tank and then went on Northward

53 Monday January 29<sup>th</sup> 1883,  
fine weather but rather rugged under  
foot. we raised S. Whales they were  
within 8, or 10. mls. from Morcha. they  
were going strait for the land. we loaded  
down and went for them. The mate  
went on and struck, and second mate  
at the same time struck another but  
it was the third mate's chance and  
i had no business there at all. Mr.  
Tucker saved his W. and i lost mine.

Saturday February 4<sup>th</sup> 1883  
fine weather cruising off Morcha.  
saw the Lancer coming from Huacho  
we Lammed until night

2  
Tuesday February 6<sup>th</sup> 1883  
cruising off Mocha we stood in  
towards the island and then started  
to run off just at night we  
raised Sp. Whales we got 2 bowls  
down after them but did not  
get any the Whales were galled by  
the ship. when they came up at first

Wednesday February 9<sup>th</sup> 1883  
fine weather and full sail out. we  
have the winds from the North  
and quite light. just before & this  
afternoon we raised Whales we  
loared down and the Mate got one  
when the Whales were raised they  
were about 8 miles off and Mocha  
about 10 from us one sail in sight

February 23<sup>rd</sup> 1883  
saw Sperm Whales. we did not  
loare. they were going to the windward  
very fast. so ends this day. all well

Thursday March 8<sup>th</sup> 1883  
lat 36° 15' and Long 126° 00'. we saw  
Sperm Whales we loared three boats  
the S<sup>o</sup> Mate got one. and that all

Sunday March 18<sup>th</sup> 1883.  
Lying off Takabuan ready to go  
in tomorrow morning - we have just  
come back from the Games Star  
have been gamming all day  
the Papis is about 10 miles from us  
bearing about S by North & North

Monday March 19<sup>th</sup> 1883  
we came to Anchor here in this  
place about 2 o'clock this evening  
Talcahuano is coming. there is about  
23- or 30 Vessels lying at Anchor =

Wednesday April 11<sup>th</sup> 1883  
fine weather and a strong breeze  
from the South. we took our departure  
this afternoon for Massapeera. the  
B<sup>t</sup> James Allen also. one man sick

Friday April 13<sup>th</sup> 1883.  
fine weather and South winds  
last night about 12 o'clock one  
man died in the fore-castle and  
we think he died very easy. he  
was found dead this morning. we  
buried him this forenoon. and that <sup>all</sup>  
this afternoon we cited guan and soon

Wednesday April 25<sup>th</sup> 1883  
fine weather. Sperm Whales were  
raised by the Second Mate. the  
Island bearing about ~~West~~ N.  
E. S. E. about 20 or 60 miles. we  
loored down all 4 boats and chased  
but did not get fast the B<sup>t</sup>  
Lagoda was chasing at the same  
time. she gallaved them as we  
suppose. we came on board the Ship.

Friday March 22<sup>th</sup> 1883.  
fine weather. Sperm Whales were  
raised by the Second Mate we  
are about 100 miles off from Massapeera  
we loored down the Second Mate struck  
and then the Mate. the Mate iron  
came out and the Whaler started to the

Manuel  
Gutierrez

W.B.  
3

windward - with me i tried as hard  
as i could to kill him but did not  
succeed. i got one good lance at him  
and down he went straight down and  
took all my line. about 5 minutes  
from the time we lost our line. we  
raised him again about  $\frac{3}{4}$  of a mile  
from the boat. the first 3 spouts  
that he made were blood and then  
he spouted clear again and kept  
on so as long as any one saw  
him. and that was at sunset. we  
all came on board the ship

Sunday May 6<sup>th</sup> 1883.

Saw Sperm Whales but did  
not loare it - rained all day  
in squalls we lost them and  
raised them three different times

Monday May 7<sup>th</sup> 1883

Raised Sperm Whales we loared in  
the morning before breakfast and  
chaced all day. The Captain with us  
but no one got a Whale. Mr Tucker  
went on and the Boat Stearers  
started two irons against the Whale  
but they did not hold on at all

Sunday July 15<sup>th</sup> 1883

fine weather and good seeing  
we have been steering to the Eastward  
all day with the wind to the Westward  
to night shortened sail and luffed  
to on the Port tack, with Juan about  
25 miles off to the wind S. Tack and  
astern the same land was sighted

Lat  
33°-30'  
and  
Long  
76° 20' W

Tues August 14<sup>th</sup> 1853. On Chili  
We have a fine day. and all sail  
out. this afternoon about 2 past 3  
O'clock we raised a lone S. Whale.  
He was going about North we got  
The boats ready and went down. was  
not down more than 10 minutes when  
the Whale came up. Three boats of  
us went down there. The Second  
mate got fast. The Boat Steerer killed  
the Whale with his Dart-Gun we got  
stove the 2nd Boat that struck was  
Mr Norton. He got stove and rolled  
over. the next to it struck was Mr  
Williams He struck got stove and the  
Boat Steerer in his Boat got thrown  
out. and he landed in the Whales  
mouth. the Whale disappeared with him  
He at last came to the surface again  
and was taken into the Boat again  
we found that his leg was some what  
hurt by the jaw and teeth of the Wha

Saturday September 22<sup>nd</sup> 1853  
Fine weather and all sail out. we raised  
the James Glen. and the Capt<sup>t</sup> went on  
board that vessel. they raised S. Whales. we  
went down 6 Boats 3 from each vessel.  
we got one Whale the 2<sup>nd</sup> mate Ship Horatio  
the land is in sight called Haricena 30 miles

Gagges of all the Cask, & after stowing down

White Bread  
Brown Bread  
Apple Pie

Newledy

New Bedford, November 18<sup>th</sup>

Friend Corner. I thought-I would  
let-you know that I have got acquainted  
with some of your old Friends down here.  
one has been in here this morning. her Name  
is Haskins guess you know her as walking,  
talking, and I dont know what else.  
Yours Truly J. M. S. - L. M. H.
